gunakan html,css dan js nya secara terpisah

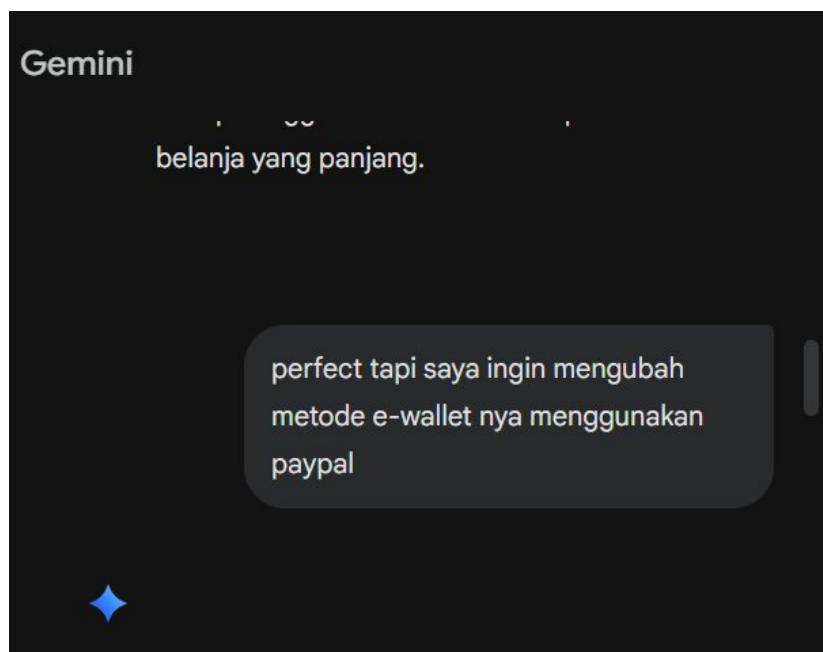

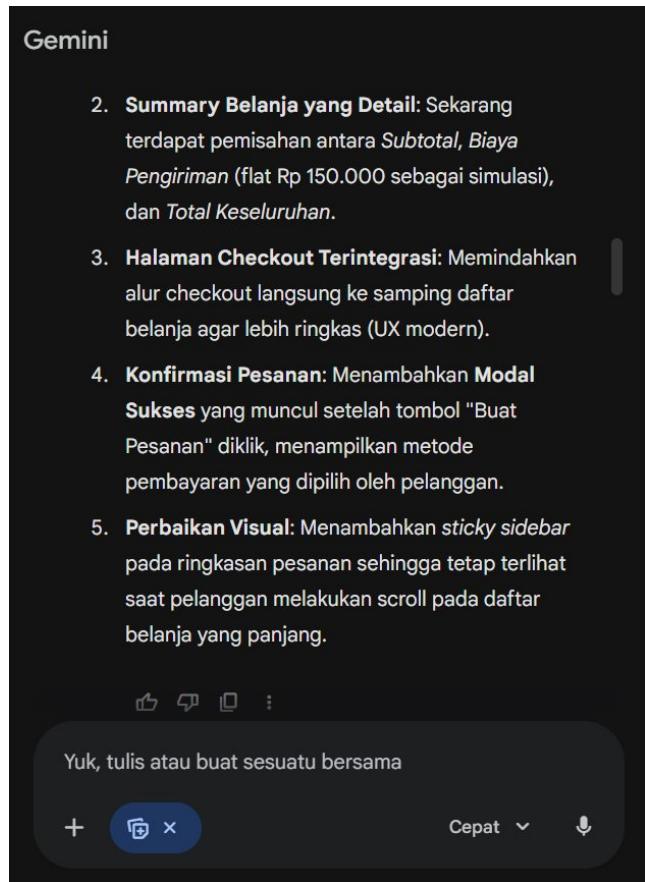

Saya juga telah menyempurnakan UI bagian checkout agar terlihat lebih profesional dengan rincian biaya pengiriman dan proteksi produk.

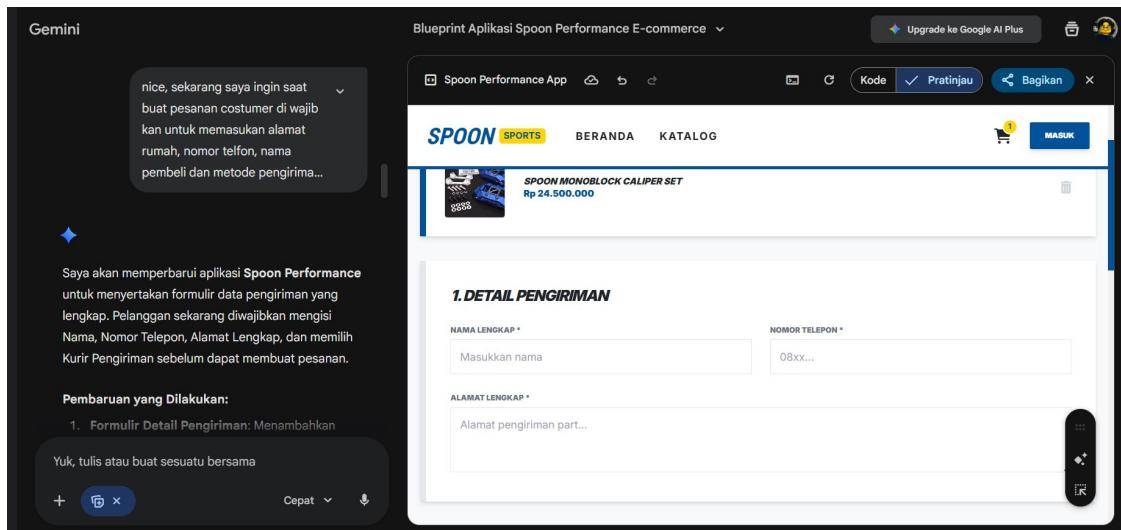

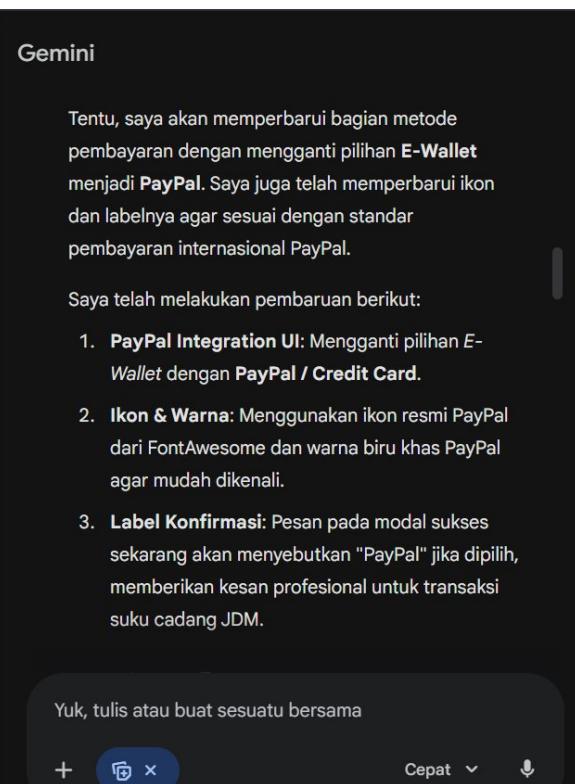

Perubahan yang Dilakukan:

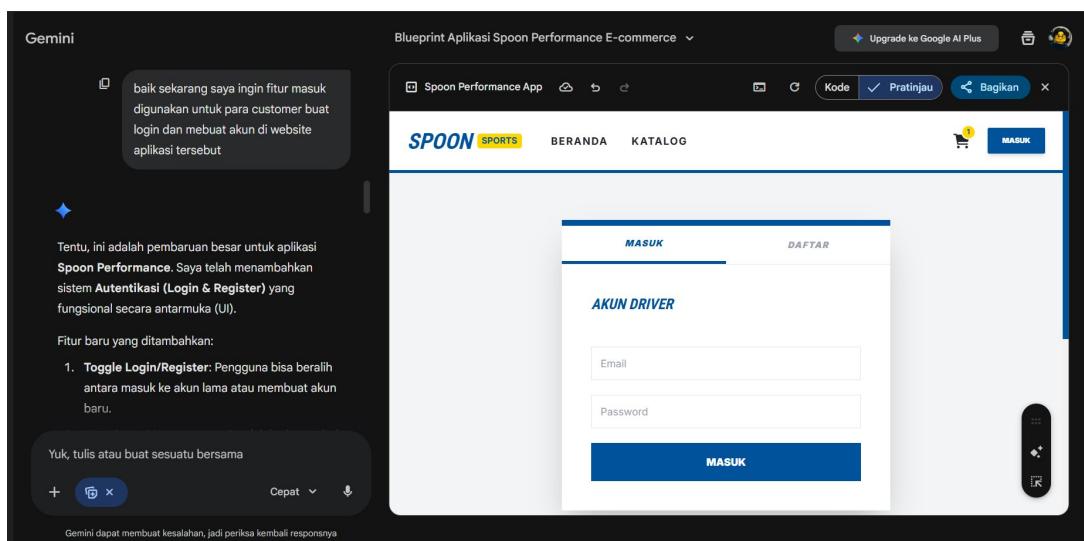

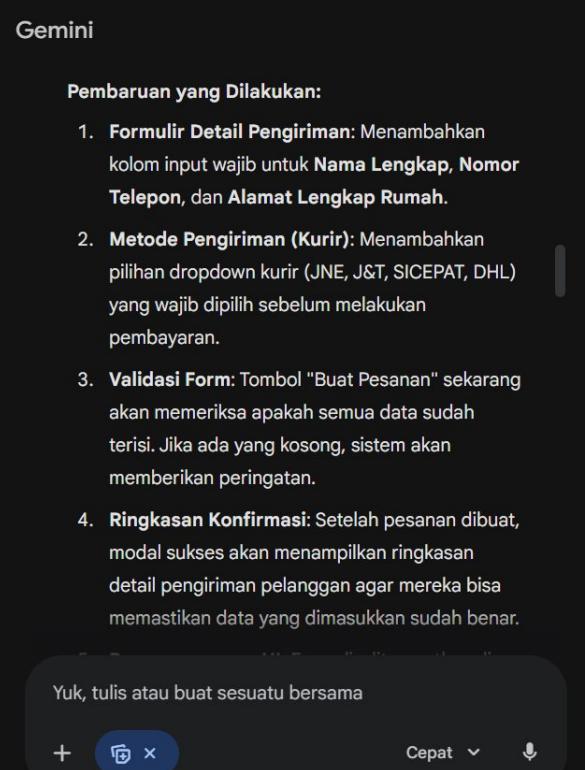

- Metode Pembayaran Baru:** Menambahkan sistem pemilihan radio button di halaman keranjang (*Cart Page*) yang meliputi:
 - COD (Bayar di Tempat)**
 - E-Wallet (Dana/QRIS)**
 - Transfer Bank**
- Summary Belanja yang Detail:** Sekarang terdapat pemisahan antara *Subtotal*, *Biaya Pengiriman* (flat Rp 150.000 sebagai simulasi).

melihat perubahannya.

okee sekarang saya ingin menambahkan produk Spoon Head Valve Cover (Yellow) lengkap dengan logo Honda ke dalam kategori Engine. Saya juga menyesuaikan harga dan gambarnya agar sesuai dengan katalog ikonik dari Spoon Sports.

oke sekarang tambah kan icon pada
kategori populer di ren(brakes) dan
aksesori(accessories)

Tentu, saya akan memperbarui ikon pada bagian
Kategori Populer agar lebih spesifik dan menarik.
Untuk **Rem (Brakes)**, kita akan menggunakan ikon
cakram rem (*shield-halved* diganti ke *circle-dot* atau
yang serupa), dan untuk **Aksesoris**, kita akan
memastikan ikonnya terlihat menonjol.

Berikut adalah pembaruan pada `index.html` :
